## Quality

With a persistent focus on excellence, Cerqa continues to not just meet, but exceed the needs of its customers. With ISO certification to the 9001:2000 standard, Cerqa has 7 lead auditors in its quality program plus an additional 21 quality auditors who perform continual reviews of its systems and processes. These reviews are in addition to routine in-line quality inspections during all production processes. Your business depends on the best products and services. Cerqa stands ready to deliver.
